

JROTC SECTION

Alabama Association of Career & Technical Education

25 February 2017

MEMORANDUM FOR: Executive Board of the Alabama Association of Career & Technical Education

FROM: Lieutenant Colonel Robert F. Barrow, US Army Retired, President of the JROTC Section of the Alabama Association of Career & Technical Education

SUBJECT: President's Report for Annual Fall Board Meeting

1. I am pleased to once again report that across the state, JROTC has continued to be an integral part of Career & Technical Education across all school districts. We are also very pleased to announce the recently selected cadets who will serve as State Officers for next school year. This year we had a number of highly qualified applicants from across the state apply for these coveted positions and the competition was probably the toughest since our inception as a state recognized Career Tech Student Organization. Pictured below are photos of the outgoing and incoming cadet leaders for the State of Alabama's JROTC programs.

Incoming JROTC CTSO Officers (SY 2017-2018)

From left to right Cadet Vice-President (Navy) Blake Christiansen; Cadet Vice-President (Air Force) Indy Brinkerhoff; Mr. Craig Collins of the Alabama State Department of Education – CTE; Cadet Vice-President (Marine) Dustin Sims; Cadet Senior Vice-President (Army) Bailee Jordan; and President (Navy) Davornne Lindo
